

RAPID STRIPPED

TILE REMOVAL- DEMOLITION & FLOOR PREPARATION

Steps you can take to prepare your home or business:

1	Remove all furniture & appliances from your floor area & bench tops
2	Remove all items from walls or cover
3	Empty cover or seal cupboards
4	Seal all doors with plastic or masking tape and use a towel for bottom of doors
5	Cover stairways, archways and openings to isolate certain areas
6	Remove or cover all electrical equipment
7	Disconnect dishwashers and fridges and remove
8	Allow doors and windows to be opened for good ventilation

LIABILITY

All care will be taken by Rapid Stripped to ensure there is no damage to the concrete slab or walls. However due to the nature of the job floor slabs occasionally do get damaged together with wall and skirtings.

It is generally accepted in the industry that if anything does get damaged it is the responsibility of the client to rectify. Our workers take every care to protect your property and belongings.

When tiles meet tiles, or timber flooring meets tiles, Rapid Stripped cannot be held responsible in any form or way for replacement or damage to timber and tile, due to the large equipment that we use. We take all due care, but accidents happen which are unpredictable.
